Important Information if you were registered previously on MyFootballClub

FFA has migrated all current and previous registrations to the new system. If you have registered before you will be able to claim profiles from MyFootballClub **provided you use the same email address to sign up.** If you have a different email address, you can either contact the 'Players support email help line on www.playfootball.support@ffa.com.au and lodge a support ticket or phone 02 880 7983 they will be able to locate your old email address and link it to your new email address. **OR** create a new account and your old records can be merged at a later date.

IMPORTANT: You will not be able to claim your participant history if your email address or social login does not match the email address used for registrations on the old MyFootballClub.

Claiming your participant history

After logging into your Football Account you will be presented with a list of matching profiles from the old MyFootballClub where the email addresses match. You must link any profiles at this stage in order to register them to Sorrento FC.

Once you have claimed your participant history you will be able to link new family members on your account or signup additional people, if they are showing on page. Please ensure you tick all the link boxes to **link each name.** For some reason not all the old records have come across to the new system if your child's name is not showing create a new record and I will merge all old records once the season starts.

If there is an additional person/s that you wish to link and are not showing - **DO NOT TRY TO ADD THEM AT THIS STAGE** the system has a failing here and will not accept additional ones until the initial registration is complete. Complete initial registration and then on last page it will show **Confirmation** – there is a section at end of this page that shows **PERFORM ANOTHER REGISTRATION** select this to link another person/s to your account.

Select own relevant information then
